### **1 WINTERTIME**

somewhere barks a freezing dog / tons of snow on the groaning roofs  
a pale moon illuminates the steep slopes / it's cold, very cold

all at once something is creaking / in the room upstairs and you're alone  
it's not the fire in the stove / no, not the fire

WINTERTIME IS NEVER FAR / IN THE VALLEY OF DEERS / AND THE WOODEN SCARS  
SUPERSTITION RULES OVER THERE / CALLS UP SO MANY CHARMS  
WINTERTIME IS NEVER FAR / IN THE VALLEY OF DEERS / AND THE WOODEN SCARS  
SCARY NIGHTS WILL NEVER END / BE WARNED!!

it's been told that the old woman / who died in this lodge five years ago  
was a bit strange, not so common / no, not so common

now we all are pretty well informed / and never get drunk but stay sober  
we don't believe in ghosts who are not normed / but what's that sound up there?

now a hiss and the light goes out / the dog is barking louder now  
a freezing breeze from upstairs / you wish there were more crowd!

i see you light a torch and recover / silently repeating indistinctive words  
the marten is the murder, the marten is the murder...  
but what's that blood on your hands, martha?!

### **14 GOOD BYE**

first they were lovers / then they were friends / maybe absent friends / it depends  
how long it takes / until it ends / in a sad and awful condolence

TOO MUCH IS BROKEN / GOOD BYE LET GO  
IT'S BETTER FOR THEM / IN THE END WE DON'T KNOW  
TOO MUCH IS BROKEN  
GOOD BYE LET GO / GOOD BYE LET GO / GOOD BYE LET GO

time passes by / faster year to year / just try to care / if someone is there  
how long it takes / until it ends / in a sad and awful condolence

**13 IDIOT**

SO I GO DOWN / DEEP IN MY MIND  
ALL THE MALICE AND THE SHIT I FIND  
I WONDER WHY YOU'RE STILL SO KIND TO ME

it's just a minor depression / i see the hangman's rope  
i just need that dope / it's just a little heartbreak soap

but i tell you to be aware / sometimes i'm not so fair  
i'm an idiot so why do you care / about me / i love you dear

**2 CARS**

my angel plays football in the park / crossing the street he is hit by a car  
my angel never had time for me / now he is gone, flattened by a car

I got a new one, second hand from a shop / he is always late, he drives by car  
he never listens, when I need him bad / I lost my nerves, killed him with my car

LA-LA-LA

I found a new one in a sanatorium / he is half blind and owns no car  
but sitting in bars, we like to tell stories / he is a nice guy, and he likes my car

I don't expect anything from him at all / he sits on a balcony, looking for my car  
I've got the feeling to protect him / from his infirmity and my own car

LA-LA-LA

### **3 SEAGULLS**

it's hard to believe / how people are adaptive  
tragedies and grief / and they are still assertive  
playing stupid games / they're talking about old times  
that grow better the older they get / lurking for a safer bet...

i'm trying to remember last night / i can't quite get it straight  
just a bunch of empty phrases / i completely lost my faith

i can give up looking for trouble / it's gonna find me anyway  
it's just like living in a bubble / that is going to burst some day

SOMETIMES WE JUST HAVE TO / SUPPRESS THIS FEAR OF LOSS  
AND I'M HAPPY AS I CAN BE / AS LONG AS YOU ARE WITH ME

oh the seagulls they fly high / and they shit right in your eye  
there is nothing left to say / just get them out of your way

oh the seagulls they fly high / and they shit right in my eye  
there's one thing i want to say / i'm smiling a lot more these days

### **12 COWBOY**

did you learn from past? / a final meeting at last  
looking for your dad / your intension is so sad  
try every sin / at least you find him  
silent for a while / is he when he sees your smile  
time of tormenting you is over now / time of tormenting you is over now

COWBOY RIDE RIDE RIDE / COWBOY RIDE RIDE RIDE / COWBOY THE LAND IS WIDE  
ALWAYS ON THE RUN / DAMAGE HAD BEEN DONE / ON THE RUN  
DAMAGE DONE

he says: you look bigger! / twice you pulled your trigger  
malicious smile flies / broken are his eyes  
time of tormenting you is over now  
time of tormenting you is over now, over now

COWBOY RIDE RIDE RIDE / COWBOY RIDE RIDE RIDE / COWBOY THE LAND IS WIDE  
ALWAYS ON THE RUN / DAMAGE HAD BEEN DONE / ON THE RUN  
DAMAGE DONE

nothing to win / a tear dries on your skin / your elegy / there is no enemy  
time of tormenting you is over now  
time of tormenting you is over now, over now, over now, over now

#### **11 NEVER**

I drink my coffee black, voices in my head are back  
whispering that you are gone, the coffee shakes me to the bone

NEVER GO BACK AGAIN / MEMORIES A PLEDGE OF TIME  
NEVER STOP FEEDING LOVE, NEVER

the crowded bar leaving, what was in your mind?  
your short life was a proof, that gods house has no roof

NEVER GO BACK AGAIN / MEMORIES A PLEDGE OF TIME  
NEVER STOP FEEDING LOVE, NEVER

happy people cross my way, memories they want to stay  
liven me up, filling a hole, like black coffee for my soul

NEVER GO BACK AGAIN / MEMORIES A PLEDGE OF TIME  
NEVER STOP FEEDING LOVE, NEVER

#### **4 MONA LISA**

the night is dark and my mind is sober / so i can't sleep like all the others  
we even do not try to communicate / we both know that now it's too late

i asked before a stupid question / about mona lisa and tantra sessions  
wales and waits and cruel passions / how to drive a car and ugly fashions

SO WHAT YOU WANNA DO WHEN YOU'RE THAT RESTLESS  
ALWAYS IN MIND THAT THE NIGHT IS SO PRECIOUS  
CAN'T AVOID THE MORNING TO ARRIVE  
IT'S A MESS I GUESS / IT'S A MESS I GUESS / IT'S A MESS I GUESS OH YEAH

i did like your nose and i loved your toes / i'm not a foot fetishist but that shows  
how i was strongly addicted to you / like elvis said: „love was true“

we got problems with conversations / we were waiting for a train at the station  
only solution a far destination / but i was waiting in a different nation

i told it to you and i told it to the moon  
that there will be troubles and they'll come soon  
have you ever seen the classic „high noon“?  
Then you know what i mean by this tune

you got a tongue and you know to talk / and sometimes when we did a little walk  
we talked about mona lisa / wales and waits and tantra sessions

**5 LAUGHING**

a boy ran laughing down the hill / this fading memory you almost killed  
your body oozes bit by bit / an empty shell walks the grid

your're living with a hole inside / for life you are not qualified  
smiling, be friendly and shaking hands / hey old boy, are these your plans?

THE WORLD IS STILL A CHEAP SCENERY / CARDBOARD-PEOPLE-REALITY

the boy running down the hill was you / remember him as an important clue  
live your life. there is no bliss / will you ever get out of this?

THE WORLD IS STILL A CHEAP SCENERY / CARDBOARD-PEOPLE-REALITY

**10 CASTLEBAR**

one day she said / she couldn't take it any more  
that she would be leaving for sure  
i sat down with that old guitar / wrote a song at the shore

the clouds were hunting / the waves arousing / i felt sad and pretty sore  
she took the bus to castlebar / i went back and closed the door

NOW IS THE TIME TO BE AWARE OF YOURSELF  
THIS IS BULLSHIT BUT SOMETHING WILL CHANGE  
NOW IS THE TIME TO TAKE CARE OF YOURSELF  
YOU'RE NOT THE ONLY ONE WHO IS FEELING STRANGE

the next day she came back to me / and we had some fun again  
so actually this song is over / there is nothing left to complain  
the clouds are hunting / the waves arousing / i do not feel sad anymore  
i take this old guitar and sing this song at the shore

NOW IS THE TIME TO DRINK A BOTTLE OF GOOD WINE  
NEVER FORGET HOW FAST THE WEATHER MAY CHANGE  
NOW IS THE TIME TO FEEL REALLY FINE  
GOOD TO KNOW THAT WE CAN ARRANGE

### 9 STORY

STORY, A SOOTHING STORY YOU HAVE TO TELL, YOU HAVE TO TELL / A SOOTHING  
STORY, A SOOTHING STORY YOU HAVE TO TELL, YOU HAVE TO TELL

tell me mr. pilgrim, have you found your final place? / montana wildhack is  
knitting and touching your face  
do you really want to put your life on the line? / intrigue me with your story, I'm  
forgetting mine

STORY, A SOOTHING STORY YOU HAVE TO TELL, YOU HAVE TO TELL

the steak is juicy and delicious, even though it isn't real / ignorance is bliss and you  
will have your deal  
reagan betrays anderson, who's life is on the line / intrigue me with your story,  
I'm forgetting mine

STORY, A SOOTHING STORY YOU HAVE TO TELL, YOU HAVE TO TELL

although dale cooper is brainy, his head is filled with dust / confusion, distraction,  
illusion; this is bobs lust  
his host is lauras father, who puts her life on the line / intrigue me with your story,  
I'm forgetting mine

STORY, A SOOTHING STORY YOU HAVE TO TELL, YOU HAVE TO TELL

### 6 TO THE SUN

his name is george / the main man in this song / gets up earlier than others / and  
wears a white apron  
at his job since four years / and he's going on / george's a simple man / and he  
likes the sun

but where he works / there is no sun / it's down in the ground / and there's a time  
because the world turns around / wintertime and poor george / begins the days to  
count  
when from dawn 'till dusk / he had not seen the sun

LET'S GO DOWN TO THE SUN / LET'S GO DOWN TO THE SUN / LET'S GO DOWN TO  
THE SUN

this time he's very upset / and he starts / to worry about so hard / that his brain  
fall apart  
this urge to see the sun / this will to feel the warmth / he knows the world / turns  
around the sun

and if the sun won't come to him / george will go to the sun / he takes a circle  
and then you see / maybe you see / george digging a hole / in direction to the sun

**7 SMART & CLEVER**

ceo / right wing fart / you're the master / of the show

btb / credit card / heart attack is coming slow

gps / implanted now / i can see / where you go

ipo / obo / you're a dreamer

SMART & CLEVER THAT'S NOT WHAT YOU ARE / YOU'RE PRETENDING AND  
OFFENDING

SMART & CLEVER THAT'S NOT WHAT YOU ARE / YOU DON'T OWE ME NOTHING

plc / chemicals / like father / like daughter

mmb / ceo / you're killing people don't you see?

**8 ON THE MOON**

in times of sadness it's not worth to fight / you can do what you want you'll never  
get it right

so go down and find yourself a cosy place / where you always can get up, just in  
case

but where you can hide all the hard stuff / that remains hurting you as it weren't  
enough?

the biting memories never leaving you alone / unlike the one you loved, yes she's  
gone

I BURY THEM ON THE MOON / DIGGING WITH A LITTLE SPOON

I BURY THEM ON THE MOON / IT WILL NOT BE OVER SOON

longing for ease you're sitting in your pit / it's sunny, it's funny you don't give a  
shit

it's raining and yesterday is better than tomorrow / but now i can tell you where  
to send your sorrow

when you look back you were just down there / look at you now you don't seem  
to care

the moon is full you can see the gravestone / remember how it was to be alone
